

Privacy Policy

While Bushman AvonTec has designed this Website to provide you with as much information about Bushman products as possible, we are also committed to ensuring the security of your personal information.

We will ask you to give us only the information we need to process your request for further product information or price quotes. To prevent unauthorized access to this information, we have put in place appropriate procedures to safeguard the information we collect online. If you prefer to give us any information by telephone, fax or mail, please do so.

Bushman's cookies, the small pieces of information that are stored by your browser, do not contain any personally identifying information. We use cookies to collect data about usage of our Website. If you prefer, you can prevent most browsers from accepting cookies, and you will still be able to use our site to download information and complete data requests.

The product information and quote request forms on our site include a request for permission for us to email new product information to that potential customer. We try to maintain our email files carefully so that we do not send promotional emails without prior permission. We often ask our sales representatives to follow up on product information or quotation requests because we think the rep can better respond to the customer's needs.

Bushman AvonTec does not sell, rent, trade or give online information to any party not directly associated with the company. It is possible that we would have to release information if, in good faith, we believe that the release is necessary to comply with current laws; to enforce or apply the terms of our agreements; or to protect the rights, property or safety of Bushman and/or of other individuals.

By using Bushman AvonTec's Website, you consent to the use of information as described above. If we decide to change our privacy policy, we will post the changes on this page.
