

STRETCH WRAPPING**FEATURES**

Exit storage conveyors can include plastic film wrapping equipment. Some customers incorporate a wrapper with roping to secure the slit mults to the skid to avoid the need to use steel strapping.

- Various stretch wrappers are available such as Signode, Wulftec, etc.
- For use with Bushman AvonTec rotary table.
- No need to band coil to skid, depending on the transport regulations in your area, such as truck or rail.
- Improved coil protection.
